

# Internship Opportunity in Biology – Arqus Alliance University

## Position: Research Intern in Biology

**Location:** Université Claude Bernard Lyon 1 (UCBL), Member of the Arqus European University Alliance

**Duration:** 6 months

**Start Date:** 01/10/2025

**End Date:** 31/03/2026

**Application Deadline:** 09/09/2025

---

## About the Position

Université Claude Bernard Lyon 1, a proud member of the **Arqus European University Alliance**, is seeking a motivated and passionate intern to join its **Biology Research Department**. This internship offers an exciting opportunity for students to gain hands-on experience in biological research within an **international and multidisciplinary academic environment**.

---

## Responsibilities

- Assist in ongoing research projects related to **molecular biology, ecology, and microbiology**.
  - Conduct **laboratory experiments** under the supervision of senior researchers.
  - Collect, analyze, and interpret **biological data**.
  - Contribute to **scientific reports, presentations, and potential publications**.
  - Participate in **team meetings and discussions** within the research group.
- 

## Required Qualifications

- Enrolled in a **Bachelor's or Master's program in Biology, Biotechnology, Environmental Sciences, or a related field**.
  - Basic **laboratory skills** and familiarity with standard **biological research techniques**.
  - Strong **analytical and problem-solving skills**.
  - Good **communication skills in English** (knowledge of another European language is a plus).
  - Ability to **work independently as well as collaboratively** in a research team.
- 

## Benefits

- Gain **valuable research experience** in an international academic setting.
- Work with **leading experts** in the field of biology.
- Opportunity to develop **technical and analytical skills**.
- Access to **state-of-the-art laboratory facilities**.

- Possibility to **contribute to scientific publications**.
- 

## How to Apply

Interested candidates should send the following documents to [internships@ucbl.fr](mailto:internships@ucbl.fr):

- **CV** (maximum 2 pages)
- **Motivation letter** detailing research interests and career goals
- **Academic transcript** (if available)
- **Reference letter** (optional)

For further information, please contact [contact@ucbl.fr](mailto:contact@ucbl.fr).

Join us in advancing scientific knowledge and developing innovative solutions in the field of **biology**!
